DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 19 is rejected under 35 U.S.C. 102(b) as being anticipated by Rockley et al. U.S. Patent No. 6,013,049.

Rockley et al. disclose a probe for removing ocular tissue, comprising: a probe tip configured to access ocular tissue; an aspiration port on the probe tip; and a tissue ablator on the probe tip, the tissue ablator configured to ablate ocular tissue.

Response to Arguments

Applicant's arguments filed September 19, 2005, have been fully considered but they are not persuasive.

The Office rejected claim 19 under two different prior art US patents (US patent 6,013,049 to Rockley et al and US Patent 5,163,433 to Kagawa et al). The applicant's representative addressed the prior art rejection under Kagawa (US Pat. '433). In response to the applicant's amendment and remarks, and to expedite the prosecution of the application, the prior art rejection Kagawa ('443), is withdrawn and the 102(b) rejection under Rockley ('049) is maintained. Therefore, this application is made Final.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
